

LWVJ- Annual Meeting Survey Results

Summary:

- We had 27 people respond to the survey. This constituted a quorum.
- The proposed Board of Directors was unanimously approved.
- There was one 'no' vote on the Budget. The comment was: "i can't support a negative budget balance. Please discuss." Also one other concerned comment was: "Conditionally approve; with the rec that it be revisited after the first quarter in light of the impact C vir may have on our fund raising ability."
- There were quite a few comments on the program list. Most particularly, there was not a lot of support for a "climate change' local program. Also a comment that "only pick one update or program as we have a lot to do", and "Perhaps a GOTV effort for first time voters."
- There were a number of comments and suggestions on other things. A third of the comments said that we had enough on our plates for this year; the remaining comments were split among providing more civics in schools, focusing on communicating voting processes, watching for voting restrictions and a program proposed for "supporting Juneau during cruise ship season."
- There were 11 people who volunteered, none that should be new to the board.

<input type="checkbox"/> Yes	96.15% 25
<input type="checkbox"/> No	3.85% 1

Would suggest only one update or new position for 2020-2021. We have enough to do.

I would drop attempting to adopting a position on climate change. It's not a local issue. It's an international issue beyond control of any one country. Geologic evidence has established that Earth has periodically gone through warm and cold cycles in the past. Rather than focusing on the global issue; i feel it is more appropriate to focus on specific local issues that may make a difference.

How would Climate Change be a local issue? Doesn't LWVUS have sufficient related positions?

3/21/2020 4:09 AM

Maybe a GOTV effort with first time voters?

3/20/2020 9:16 PM

Only if volunteers come forward to work on climate change position.

Q4

Are the other programs and events you believe the Board needs to consider for 2020-2021?

Begin to look at iCivics as a program that we might engage at some point for students and tkhe public.

3/23/2020 12:34 PM

We need to focus on these important and effective programs.

3/23/2020 12:00 PM

No

3/22/2020 4:05 PM

How about an "adopt a non voter" and help them register?!

3/22/2020 3:14 PM

Adolescent or high school workshops on government and ethics. This may already be offered but if not, the league might be able to help.

3/21/2020 6:54 AM

Looks pretty full!

3/21/2020 4:09 AM

Is there a program/proposal for supporting Juneau during cruise ship season?

3/21/2020 3:48 AM

I believe that President Trump will feel emboldened in 2020 to change voting accessibility some how. The LWV is the Gold Standard for voting processes and should be given a grant to facilitate the actual voting process.

3/20/2020 9:49 PM

We may have new voting procedures that will need to be explained and publicized.

Q5

If you believe we need to add programs or events (see Q4 above), would you be willing to volunteer to help with them?

ANSWER CHOICES	RESPONSES
– Yes	45.45% 5
– No	54.55% 6

Q6

If you are interested in volunteering for any tasks in 2020-2021, please list your name and email so we can follow up.
